2200-TAPS

Trust Accountability and Performance System (TAPS): The Trust Accountability Performance System is used to manage case and workload associated with the branch of Trust Services. The system enhances the ability to manage workload associated with the trust functions performed and to assure responsibilities for the various Trust Reform projects and Cobell v. Salazar litigation are accomplished timely and efficiently. Data in the system also supports Branch reporting under the Governmental Performance Results Act (GPRA), Activity Based Costing (ABC), and Risk Management.

A. Source Records/Inputs

1. **Source Records (Paper):** The inputs to the system include: Request documents received. Scanned documents of requested information (i.e., Rights of Way, Farming and Grazing Lease, and Deed documents).

Disposition Instructions: Apply disposition instructions approved for paper and microfilm records. (Reference Indian Affairs Record Schedule record series for specific program records)

2. **Source Records (Electronic):** Electronic files or records used to create or update a master file, including, but not limited to, work files, valid transaction files, and intermediate input/output records. **(GRS-20/1b)**

Disposition Instructions: **TEMPORARY.** Delete after information has been transferred to the master file and verified. Subject to Multiple Record Freezes and/or Litigation holds.

B. Master Data File

The master data file is used to manage case and workload associated with Trust Services. The data file contains case numbers, dates, status updates, employee names, and agency names.

Office Administrative Files: Records accumulated by individual offices that relate to the internal administration or housekeeping activities of the office rather than the functions for which the office exists. In general, these records relate to the office organization, staffing, procedures, and communications, including facsimile machine logs; the expenditure of funds, including budget records; day-to-day administration of office personnel including training and travel; supplies and office services and equipment requests and receipts; and the use of office space and utilities. They may also include copies of internal activity and workload reports (including work progress, statistical, and narrative reports prepared in the office and forwarded to higher levels) and other materials that do not serve as unique documentation of the programs of the office. **(GRS 23/1)**

Disposition Instructions: **TEMPORARY.** Destroy when 2 years old.

Information Management and Information Technology Operations

d. Records create and retained for asset management, performance and capacity management, system management, configuration and change management, and planning, follow-up, and impact assessment of operational networks and systems. Includes, but is not limited to: Data and detailed reports on implementation of systems, applications, and modifications; application sizing, resource and demand management; documents identifying, requesting, and analyzing possible changes, authorizing changes, and documenting implementation of changes; documentation of software distribution and release or version management. **(GRS-24/3b1)**

Disposition Instructions: TEMPORARY. Destroy/delete 1 year after termination of system.

D. Documentation

1. Data Systems specifications, file specifications, code books, record layouts, user guides, output specifications, and final reports, regardless of medium, relating to a master file or data base. **(GRS 20/11a)**

Disposition Instructions: TEMPORARY. Destroy or delete when superseded or obsolete, or upon authorized deletion of the related master file or data base, or upon the destruction of the output of the system if the output is needed to project legal rights, whichever is latest.

2. Copies of Records relating to system security, including records documenting periodic audits or reviews and re-certification of sensitive applications, disaster and continuity plans, and risk analysis, as described in OMB Circular No. A-130. **(GRS-20/11b)**

Disposition Instructions: TEMPORARY. Destroy or delete when superseded or obsolete.

E. Backups/Vital Record Backups.

Backups are intended for making a copy of computer files for use if the original is lost, damaged or destroyed. The Backup process includes copying recorded information from internal storage to an external storage medium, such as magnetic tape, cartridges, CDs, and Optical disk. The Disposition of Backups is Temporary because they are intended to restore a system in case of failure. Backups do not meet NARA requirements for long term retention or preservation of permanent data. **(GRS-20/8a)**

Disposition Instructions: TEMPORARY. File identical to records scheduled for transfer to the National Archives: Delete when the identical records have been captured in a subsequent backup file or when the identical records have been transferred to the National Archives and successfully copied.
